# English Project

## Email Writing

Dear Professor,

I hope you are doing well. I was unable to attend yesterday's English Communication class because I was not feeling well.

Could you please share the notes or slides from the class? I would like to go through everything I missed and catch up with the topics covered.

Also, please let me know if there were any important announcements, assignment instructions, or deadlines discussed in the class.

Thank you for your help.

Sincerely,
